

# GUT PROBLEMS?

When you have more "bad bugs" than "good bugs" in your gut... this imbalance can often lead to:

- Bloating
- Diarrhoea
- Constipation
- Reflux
- Irritable Bowel Syndrome
- Candida Overgrowth
- Leaky Gut Syndrome
- Food Allergies
- Food Sensitivities
- Skin Rashes & Eczema
- Asthma
- Auto-immune Diseases
- Coeliac Disease
- and more...

**Discover relief with the new generation of Super Probiotics. At least 50 times more potent than other top-selling brands. You haven't tried everything if you haven't tried this!**

"MASSIVE DIFFERENCE, AWESOME stuff! Put me down for another batch."  
*(P.E. Long-term sufferer of bloat & gastric discomfort)*

"This three month period has been free of my usual attacks of bowel problems. I am so thankful to enjoy freedom once again after so many years!"  
*(M.D. After 6 years of unpredictable diarrhoea post-bowel cancer surgery)*
